## Insurgents Shelled City and Forces of Government Fired Back

## Minister Powell Cables That the Situation is Desperate and That a General Attack Was Made On the City Tuesday.

CAPE HAITIEN, Nov. 18.—Word received from Santo Domingo this morning states that the insurgents shelled that city throughout last night, the government forces returning the fire with artillery. The dispatch adds that a force of fifty marines was landed from the American cruiser Baltimore, which is in Santo Domingo harbor.

WASHINGTON, Nov. 18.—(Bulletin)—Minister Powell has sent the state department two cablegrams from San Domingo. One is dated November 16. It says: "Situation desperate and unchanged. City constantly under fire by insurgents, and shells are falling. An assault momentarily expected."

The second under yesterday's date, which was received today says: "General attack made today on San Domingo. The Baltimore has landed marines to protect the American interests."

The state department is prepared to recognize the insurgents as the de facto government just as soon as they come into possession of San Domingo city, and instructions to this effect will probably be sent to Minister Powell on further advices from him.

A report to the effect that in the event of a final and flat refusal of the company to arbitrate a general strike on all surface and elevated roads would be ordered finds few believers.

Washington—A rough draft of a new Panama canal treaty between Panama and the United States is now prepared and will probably be ready for signing before the extra session of Congress adjourns. The United States will be

granted more liberal terms than in the former conventions. The cash bonus to be paid for the right to dig the canal is the same, \$10,000,000; then there will be an annual rental after the first ten years. In the Colombian treaty this rental was \$250,000. The United States will have exclusive jurisdiction of the canal, a strip which will be 10 miles wide and will also be given the right to fortify the harbors of Colon and Panama and occupy certain islands.

### CHAMPION STUFFER OF RATS AND CHIPMUNKS.

Washington, Nov. 8.—Every gentleman with the ability to stuff a rat, mouse or chipmunk in an artistic and scientific manner will soon have a chance to compete for a place on the governments pay roll. The champion stuffer of the country will be attached to the national museum in this city. He will have a life job at \$300 a year. The civil service commission will have charge of the competition.

The museum recently made a call upon the commission for a mammal taxidermist. There wasn't a man on any of the mile long lists of eligibles who could taxiderm worth a cent, and the commission has set out to find one. As a preliminary civil service officers throughout the country have been delegated to lay in a stock of rats, mice and chipmunks to be used in the examinations. Each will probably be the largest collection of all known breeds, ages and sizes, in the world.

## CROWN PRINCESS

## In Book of Confessions Just Published Reveals Her Disappointment That Flight With Giron Was Condemned by the World.

Berlin, Nov. 18.—A book containing the confessions of the former crown princess, Louise of Saxony, who eloped with M. Giron, the French tutor of her children was published here today. In the book the former crown princess reveals her disappointment that her flight with Mr. Giron was condemned. She says: "When I fled I expected all the world would applaud me as a courageous champion of freedom. I remembered the enthusiasm when Archduke John F. Orth renounced his title

and became a plain citizen. I hoped to excite the same sympathy. Intimate friends told me public opinion would be on my side and that the people would acclaim me as a heroine. My God, you see how terribly I have been disillusioned."

Louise explains that she did not love M. Giron, but merely used him as a means to gain a divorce from the crown prince, which she had determined to obtain at any price. The moment the divorce was obtained, she says, she voluntarily ejected Giron.

## MR. DIETRICH

### WILL ASK FOR AN IMMEDIATE TRIAL OF CASE.

Nebraska Senator Says He Is Confident that He Can Clear Himself of Bribery Charge

Washington, D. C., Nov. 18.—Senator Dietrich of Nebraska, when asked what course he would pursue in view of the action of the federal grand jury at Omaha, made the following statement:

"The charge that I had accepted, directly or indirectly, money or anything of value for my influence in securing the appointment of Jacob Fisher as Postmaster at Hastings, Neb., is absolutely false.

"I shall waive the protection afforded a senator by the constitution, while congress is in session, and shall go to Nebraska and insist on an immediate trial, with perfect confidence that my innocence will be established.

"Bitter factional fights have existed in my home county for many years, and as a result of these differences I have naturally incurred many enemies.

"My refusal, while governor, to pardon Joseph Bartley, a defaulter to the state for \$800,000, incurred the displeasure of powerful interests, and I have since been antagonized by them."

When he ran through the money he gave him self up in San Francisco. There were eight other prisoners from different parts of the state received besides Brown yesterday.

Detroit, Mich., Nov. 18.—The Brotherhood of Light, numbering about 20 in Detroit and something over 100 in the whole country, whose outer circle is located at 251 Woodward avenue, this city, and the inner circle in Denver, Colo., is a religious organization started in 1898 for the purpose of elevating and purifying the human race, by means, as its followers claim, of communication received directly from the angels. Two meetings are held weekly in the headquarters in this city at which angels appear and instruct and advise the members of the brotherhood, being seen in a spiritual light. The followers believe in the one God only and practice both physical and spiritual purification, which they claim enables them to hold communication with their celestial visitors. It being stated that one evening last week no less than 87 spirits were present.

### FAMOUS COUNTERFEITER

To Make Paper That Prevents Check Raising.

New York, Nov. 18.—Chas. Becker, the "king of counterfeiters," who has been serving a term of eight years in a California prison for raising a check for \$12 to \$22,000, has returned to his home in East New York. He arrived from Portland, Ore., early in the evening on Monday and in order not to attract attention waited in Manhattan until midnight before going to his home.

Becker is one of the feared criminals in the country. Since his release from prison, more than a month ago, he has been constantly shadowed by secret service men, though he had said frequently during his recent term in prison that he had reformed and was putting his talents to none but lawful uses.

While in prison in California, Becker invented a process for treating paper so as to make it impossible to erase figures, change stamp marks, or alter the printing thereon without detection. He is said to be anxious to start a legitimate business of manufacturing such paper.

Becker is known all over the country and in all the big cities of the world as an expert engraver as well as a clever counterfeiter. Several years ago he put in circulation a number of 100-franc bank notes on the Bank of France. They were admitted to be perfect fac-similes of the originals, and only because of duplicate numbers was the fraud discovered.

### MOTHER THOMPSON, ONE OF FOUNDERS OF W. C. T. U.

Mother Thompson was one of a band of 150 women at Hillsboro, O., who in 1873 began the movement known as "the Crusaders." In parties they visited the saloons and prayed against the liquor traffic. The movement spread over the country and finally crystallized into the W. C. T. U. The 30th anniversary of the Crusade will be celebrated at Hillsboro November 16, when the Ohio organization of the W. C. T. U. will hold its convention there. Mother Thompson is 87 years old and in good health.

## VERY SICK

### IS THE FORMER CASHIER HENRY BURKHOLD.

Cincinnati Man Held to Grand Jury in Sum of Ten Thousand Dollars on Perjury Charge.

Cincinnati, O., Nov. 18.—Lying in bed, too ill to make any response to the accusations against him, Henry Burkhold, former cashier and director of the Franklin bank, waived examination and was held to the grand jury in \$10,000 bond, on a charge of perjury preferred by Charles Klockenbrink, a contractor.

The proceeding took place before a magistrate at the Burkhold mansion. Burkhold had been the assignee of Klockenbrink and the latter claims that he had not accounted for \$4,500 that was on deposit at the bank.

At the hearing Mr. Klockenbrink said Mr. Burkhold had confessed to him that he had taken his money, some \$4,500, but that he intended to make it good. He said that Burkhold said it was the first lie he had ever told when he said he hadn't received it, and that his conscience hurt him. The witness also said that efforts were made to compromise the case later, but that the attorneys disagreed, as Mr. Dolle, his counsel, demanded the full amount.

The information was given from the home of Burkhold that the chances for life and death of the stricken man are about even.

## COLLEGE GIRLS

### STRIKE FOR BETTER MEALS AT DELAWARE.

Many Refused to go to Dinner, But Preferred to Send Out for Their Lunch.

A special telegram to the Advocate Wednesday afternoon tells of a "strike" among the college girls at the Ohio Wesleyan University. The dispatch says:

Monnett Hall where 350 girls who attend the Ohio Wesleyan University board, was the scene of an old strike today. The girls "struck" on the meals and demanded more to eat. Many of the girls refused to go to dinner today but instead sent down town for lunches.

### HAS SET TYPE FOR 76 YEARS AND IS STILL AT IT.

Antigo, Wis., Nov. 18.—Charles H. Sprague, of Antigo, aged 85 years, a compositor in the office of the News Item, probably is the oldest working printer in Wisconsin, having been at the case 76 years.

Mr. Sprague was born in Hebron, N. Y., on January 13, 1819. In 1833 he entered Elihu Geer's job office, at Hartford, Conn., and after learning his trade established an office in company with his elder brother. From Hartford they moved their plant to New York, where they sold out. Mr. Sprague then went to Detroit, where he worked on the Tribune. Later, he worked on the Toledo Blade and the Commercial.

While in Toledo he enlisted in Company E, 100th Ohio Volunteers, and served three years in the civil war. After his discharge he worked in Cleveland, Detroit and Chicago, and afterwards at Dubuque, Ia., where he had charge of the state printing. He came to Antigo four years ago, and now is putting up 6000 ems a day regularly. He is as hale and hearty as many men are at 50.

## NEW OFFICIAL

Mr. F. A. Boutelle Has Already Won a Place in Interurban Circles of Ohio.

The Columbus Dispatch says: Mr. F. A. Boutelle is the active and progressive superintendent of transportation for the Columbus, Buckeye Lake & Newark Traction company. The position was created about two months ago, especially for Mr. Boutelle's incumbency as the need of such an official was felt and it was recognized that his experience and native qualifications made him eminently desirable for the role.

Mr. Boutelle is in the prime of life and a period of his greatest activity. He was formerly superintendent of the Hudson Valley Electric railroad, with headquarters at Albany, N. Y., and has an enviable record as a successful traction man. He spends the greater part of his time at Newark, but makes frequent trips to Columbus and over the line.

Visitors to Paris cannot fail to notice that the state of cleanliness of that city forms a little army. They number about 2,500. They are divided into 10 brigades, under the command of 24 superintendents, and 14 foremen have hundred sweeping machines are used, and the city with the water cart find employment for 1,000 horses.

## Expected to Recognize the New Republic Soon

## Great Military Movements Rouse the Colombians

## Cuba Refuses to Comply With Marroquin's Request for Moral Support--Crisis in Colombia at Hand --Force May Be Asserted Soon.

Washington, Nov. 18.—M. Jusserand, the French ambassador, called at the state department this morning and presented an official notification that his government had recognized the new republic of Panama. It is expected that other great powers will quickly follow suit.

Havana, Nov. 18.—The republic of Cuba has refused to comply with the request of President Morroquin of Colombia, that Cuba give her moral support to Colombia's opposition to the new republic of Panama. The request was discussed at a meeting of the cabinet today. After the meeting Senor Daque, Cuban minister at Panama, was again instructed to treat with the provisional government in an official capacity. Cuba will also accredit a minister from the new republic as soon as it is permanently organized.

### CRISIS AT HAND.

Military Movements Rouse Colombia—Threat Made by Bolivar.

Panama, Nov. 18.—Advices from Bogota, dated November 13, are as follows: General Rafael Reyes left Honda today for Barranquilla.

He has been consulting with the government on the necessity of dividing his responsibilities with the Colombian army and in solving the great actual problem of the presidency by designating Nicolas Esquena, Liberal, for the presidency, and Joaquin F. Velez, Conservative, for the vice presidency. The municipal council of Bogota has offered \$500,000 to lead a national patriotic subscription.

Great military movements are going on and the most supreme moments of Colombia's history are coming.

General Reyes according to the foregoing cable, should be in Barranquilla about today.

The French steamer due at Colon today is expected to bring important notes from Barranquilla respecting the situation there. A strict censorship has been exercised over all messages from that port, and it is believed here that there is trouble of some sort which Colombia desires to keep secret.

Important events are also anticipated between Venezuela and Colombia. It is reported that President Castro may take advantage of the present situation to extend Venezuelan territory beyond the Orinoco.

### BOLIVAR'S APPEAL

To Panama to Return to Colombia Proves to be Futile.

Colon, Nov. 18.—The Panamanian Commission composed of Senors Arias, Morales and Arosemena, boarded the Mayflower yesterday and held a conference with the Colombians, who only represent the Department of Bolivar and have no credentials from Bogota. The Colombians asked the Panamanians if they would return to the Republic of Colombia, assuring them concessions and considerations on the canal treaty. The Panamanians replied that they would not return and declared the assurances came too late, as Panama's position was so advantageous and strong that they could not see any reason for changing. The Colombians returned to Savannah.

During the conference Nicaronon Insuarez made a strong appeal to the Panamanians not to disrupt the Republic of Colombia, and he supplemented his appeal by the solemn assurance that Colombia would grant all the rights demanded by the isthmians and eventually carry out their grand project of building the canal.

Replying to Senor Insuarez, Senor Tomas Arias, representing the junta, said the Bogota government and the Colombians generally did not appear to grasp the actual conditions prevailing on the isthmus. The resolution, Senor Arias said, was born absolutely of the unanimous desire of the entire people of Panama and was irrevocable. It was the act of a new independent government actively and thoroughly organized and formally recognized by the United States government in receiving its representatives, as well as by the governments of France and Italy.

Continuing, Senor Arias said: "Colombia will always find in this country the most sincere brotherly feeling."

The political ties binding the isthmus to Colombia have been broken, but the fault is not that of the isthmus. The ties of affection, however, can never be broken."

Senor Insuarez in answer expressed his deep sorrow at finding that the hopes of reconciliation were impossible of realization, and that the actions of the people of the isthmus of Panama were irrevocable. He declared that all the people of Colombia would unite in an effort to enforce the rights of the republic on the isthmus of Panama even at the cost of great sacrifices.

The threat of Senor Insuarez that the republic of Colombia would enforce its alleged rights in isthmian territory, did not cause apprehension to the Panamanian Commissioners.

It was unofficially announced by the Colombian Commissioners that General Rewes, representing the Bogota government, was coming to the isthmus to confer with the provisional government of Panama.

A dozen marines from the United States steamer Dixie have been ordered to remain ashore to act as signal men for the communication of routine messages between the shore and the United States fleet.

### TO NEGOTIATE

New Canal Treaty Panama Commissioners Arrive in New York.

New York, Nov. 18.—As telegraphed the Advocate yesterday, the City of Washington brought the commission appointed to visit Washington and to negotiate, with Minister Varilla, the new canal treaty. The Commissioners are Frederico Boyd, a member of the Triumvirate governing the new republic; Dr. Manuel Amador, minister of Finance, and Carlos Arosemena, who has been appointed Secretary of the Panama Legation at Washington.

None of the Commissioners was willing to talk at length on their mission. The City of Washington arrived in Colon the day the Colombian gunboat Cartagena landed troops and it was to her that over 100 refugees—women and children—fled on November 5 and 6, when the Panamanians were wrestling the government from the control of the Colombian troops.

London, Nov. 18.—Marie Nichols, a typical American girl, born in Boston

### MARIE NICHOLS.

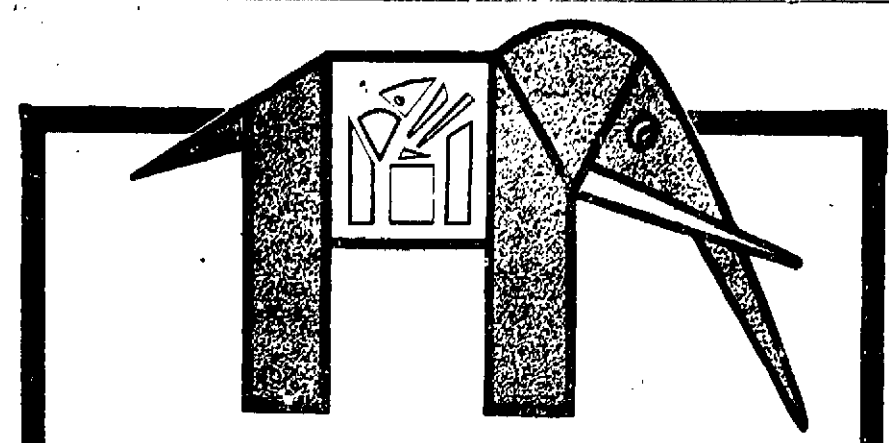

She had a unique double success as a violinist abroad. October 19 she gave a concert with the Philharmonic orchestra in Berlin scoring a brilliant success. Her playing on that occasion was heartily praised by the leading local critics, who also greatly admired her interpretation of Max Bruch's formidable work, the "Serenade," its first performance by a woman.

On November 2, at St. James hall in London she scored an equal success. She is devoted to athletics which may account for the firmness and truthfulness of her violin touch.

### Notre Dame vs. Ohio Medics

At Toledo next Saturday the Ohio Medics will try conclusions with Louis Salmon's Notre Dame team, and the Columbus players are working hard to get themselves in shape for a grueling contest.

At Columbus last year the Medics clearly outplayed the Indiana team, but lost the game 6 to 5 through the generalship of Salmon, the great full back. They will make their best efforts next Saturday to turn the tables but unless the Notre Dame team has slumped their showing last Saturday, when they held Northwestern 9 to 0, makes victory look like a forlorn hope for the Medics.

Ohio State will use many substitutes in the game next Saturday against Ohio Wesleyan, as Hale is very anxious to keep his stars in the best possible shape to meet Indiana on Thanksgiving day at Columbus. This latter game will be the State's big game this season, and will undoubtedly be a hard fought contest.

### Y. M. C. A. vs. Denison Thanksgiving

The big event of the football season for Newark is the game between Denison university and the husky Y. M. C. A. team, one week from tomorrow, Thanksgiving day afternoon. It is bound to be an intensely exciting contest. The best men that have played on the Y. M. C. A. team this year will be in the game next Thursday, and are planning to get several thorough practice games between now and that time, and it goes without saying that Denison will bring the best they have to this game, for after the excellent work their team has done this season, a defeat at the hands of the Y. M. C. A. boys would be just a little humiliating to say the least, and yet those who know both teams say that that is just what may happen. If ever the Newark people had reason for encouraging a team they certainly should do so now and turn out in large numbers Thanksgiving day and cheer the Y. M. C. A. team to victory.

In this connection the association wishes the Advocate to announce that for the Thanksgiving game everyone will be asked to pay the admission price, 25 cents, holders of athletic tickets and all. The Denison team would accept the proposition to play here on no other basis.

Considering the large returns the holders of the athletic memberships have already had for one dollar, and the fact that the association is still in debt on the field, we feel sure that no one will object to paying the price to see this last game of the season.

### Thousands Have Kidney Trouble and Don't Know it.

#### How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

#### What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and soiling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. ## A NOTED WOMAN

### COUSIN OF LATE U. S. PRESIDENT ZACHARY TAYLOR,

76 Years of Age, Recommends Vinol for Old People.

Mrs. Sarah J. Windrom, of 429 W. Erie St., Chicago, a member of one of the most distinguished families in the country, cousin of Zachary Taylor, 12th president of the U. S. and grand-niece of Alexander Hamilton, who signed the Declaration of Independence, writes:

"Vinol is a godsend to old people. I am 76 years old, but I feel active and well today, thanks to the vitalizing effects of Vinol.

"My appetite is all that could be desired. I sleep well, and my mind is clear, and I am interested in the affairs of life as I was fifty years ago.

"When I was young cod liver oil was dispensed in a greasy, unpalatable form, and it fairly gagged me to get it down. Vinol is so different, palatable and nourishing to impoverished blood.

"I feel so much stronger, both mentally and physically, since I used Vinol that I feel it my duty, as well as a pleasure, to recommend Vinol as the finest tonic I ever used in my life."

### MRS. SARAH J. WINDROM.

Such words of praise from a person of such high standing must be accepted as an unquestionable proof of the superiority of Vinol.

Do you wonder that our Vinol has such a strong hold upon the esteem of doctors and patients? We know of nothing else that will accomplish such wonderful results; and, remember, Vinol is not a patent medicine.

There are hundreds of old people in this vicinity who need just such a strength-maker and tissue-builder as Vinol. Their blood is thin and sluggish—Vinol will enrich and quicken the blood and build up the system. It is so much better than whiskey and strong stimulants, which always have a bad after effect and weaken and break down. There is nothing in the world so good for the weak, the aged or the run down system, and to cure a hanging on cold or hacking cough as Vinol, and because we know so well what it will do we are always ready to refund every cent paid us for it if it fails to do what we say. Try it on our guarantee.

## AMUSEMENTS.

Damon and Pythias will be the attraction at the Auditorium Friday night, November 20.

Mr. Daniel L. Hart's great success, "The Parish Priest," suggests everything that the play is not. It suggests, first, religion, yet there is no religion in the play. In the character of Father Whalen is a beautiful sentiment suggested by his calling, but in no act, situation or line does he make any allusion to the creed which he represents. It is not an Irish play, the scene being laid in Wyoming Valley, Pennsylvania, and the section of the same revolves around characters that are thoroughly American. The play has been enthusiastically praised by the leading critics of the leading cities. Auditorium Monday night, November 23.

### HERR RICHARD STRAUSS

Coming to America to Give Us His Wierd Music.

London, Nov. 18—Richard Strauss, the most talked about, most abused, and most praised composer of the present day, is said to be more interested in his coming American tour for his wife's sake than for his own. She is going along to sing her husband's intricate songs. Frau Pauline was his "discovery" from a musical point of view, and he expects still greater things of her in the future than she has even hitherto accomplished.

The composer of "Guntram," "Till Eulenspiegel," and so many other puzzling combinations of pure beauty and hideous noise is not yet 40 years old, and his romantic marriage with Frau Strauss took place 10 years ago. She was his little singing pupil at the age of 15 and married the musician much against the will of her father, a general in the Bavarian army and a man of high social rank as well. Frau Strauss now sings nothing in public but her husband's songs, and the song recitals in America will include no other vocal compositions.

Herr Strauss is not taking his own orchestra with him, but will find the American orchestras ready for him as

### HERR RICHARD STRAUSS.

He passes from city to city. He is an admirable conductor—which is a lucky thing for his music, for there are very few other wielders of the baton, who can show how effective his strange and terrifically up-to-date compositions are when once you get the idea of them. The first impression it makes on those who are not skilled musicians is that the man has undertaken to set German grammar to music, but a second or third hearing of it captures the hearer or else makes of him an enemy for life.

Personally Herr Strauss—who is not related to the Viennese Strausses of waltz fame—is a simple, earnest minded man who has no affectation, wears his hair short and believes sincerely that music can be made to express the most complex problems of the deepest mind.

According to an Iowa tariff authority Mr. Chamberlain will have clear sailing for his preferential tariff plans in England, if he can persuade all England, as Mr. McKinley persuaded a great part of the United States, that it is the foreigner who pays the tariff tax, and not the consumer. Just how this tax is to be imposed is set forth in an analysis of the Chamberlain plan as it affects American products.

A two-shilling duty on corn, to be remitted in the case of imports from British colonies; a corresponding tax on flour, but with a preference for the British miller; a 5 per cent tax on foreign meat and dairy produce, bacon and maize being excepted; a substantial preference to British colonies upon wine and fruit; a reduction of the tea duty by 75 per cent and of the sugar duty by 50 per cent, with corresponding reduction upon coffee and cocoa.

The Iowa Republican asks: "Will not the Republican leaders wake up and sit up long enough to discern and

deal with this new phase of the tariff issue, and deal with it before a Democratic National convention turns it over to Cleveland or Gorman to handle?" But how can they as stand-patters deal with it? Ephraim is joined to his idols.

"No one desires to annex Panama. The United States is not hunting for any South American territories to add to her possessions." This is the plea of a Republican administration paper. Nor were we hunting a few years ago for Asiatic territory. But the administration made a show of necessity and the National honor. The same sort of false reasoning may hitch to our possessions a South American state, and it will appear in due time. Who would have thought our army or navy would be employed to maintain or make successful secession? That's what we are doing in Panama. The law of state necessity is pleaded. Having once made up our mind to steal, reasons can be found plenty as blackberries, and the people, under the lead of Presidents and secretaries, will be found eager to accept the hoodle.

## A POLITICAL OUTLOOK.

(Pittsburg Post.)

Mr. Murphy, the New York Democratic leader, as the head of Tammany, it is likely will succeed to the leadership of his party in the State, as his friends declare he can depose ex-Governor Hill whenever he chooses. He is already assured by his Greater New York victory of 240 votes in the next State convention, which is a small majority of the whole convention. The overthrow of McLaughlin

in Brooklyn gives him this tremendous advantage, which stands for a power greater than ever Croker had in State politics. Murphy is in reality a much stronger man than Croker. He is more honest, as politicians go, and does not resort to such tricky methods. Although no authoritative declaration has been made, it is believed that he will favor the nomination of Chief Justice Parker for President. If he does so, and carries the National delegates from New York with him, there is not much question that Chief Justice Parker will be the next Democratic candidate. Otherwise Senator Gorman represents a growing force skillfully directed, and will probably make the winning race. In fact Parker and Gorman are the only two names presented with any great assurance of political strength. It is believed either can carry the electoral vote of New York; but that would be only part of the battle.

## DAMAGE SUIT KNOCKED OUT.

(Mansfield Shield.)

The damage suits instituted by O. N. Davison against the New Lexington Herald seem to have been effectually knocked out by a decision handed down by the circuit court Saturday. The damage suits grew out of a controversy in the spring of 1902. The Herald published a 1 editorial commending the board of county commissioners of Perry county for refusing to contract with Mr. Davison for initial markers for soldiers' graves at the rate of \$2.50 each. The Herald characterized the price asked as exorbitant. The markers were subsequently purchased at 40 cents each. Mr. Davison took offense at the article and sued for \$10,000 damages. On June 5 the Herald published another article maintaining that the position it had originally taken was correct and justifiable and this second article was made the subject of a second damage suit for \$10,000. The attorneys for the defendant went into common pleas court with a demurrer which was sustained. The question was carried up to the circuit court by the attorney for the plaintiff but the circuit court in its decision Saturday sustained the court below.

## A. O. U. W.

MASSACHUSETTS GRAND LODGE HAS WITHDRAWN.

Split in the United Workmen—Litigation to Follow—An Official Statement is Issued.

Boston, Nov. 18.—As a result of a movement started some years ago to change the method of assessment from the flat rate, a meeting of the Grand Lodge of Massachusetts, of the Ancient Order of United Workmen here ended in the adoption, after a heated discussion, of a resolution to sever all connection with the Supreme Lodge of the United States.

Grand Master Workman Carl N. A. Brown presided and 199 Massachusetts and 26 New Hampshire and one Vermont lodge, which are all under the so-called Massachusetts jurisdiction, were represented.

Several efforts were made on the part of the Supreme Lodge officers to have the resolutions changed or reconsidered, but they failed.

After the meeting the Board of Directors of the Supreme Lodge issued the following statement through W. S. Robson, chairman of the committee on laws:

"The Supreme Lodge having already secured the adoption of the present plans by 150,000 members, comprising 14 Grand Lodges the Board of Directors felt it their duty to protect the Supreme Lodge against what they believe to be the unlawful acts of the Grand Lodge of Massachusetts as enacted at a special session, and they therefore resolved to invoke the full power of the law, and, if necessary to resort to the courts for the purpose of ascertaining whether one party to a contract can abrogate it without the consent or consideration equivalent of the other party, and they are determined to carry this measure to the fullest extreme without regard to cost, to see whether or not the courts of Massachusetts will overturn all of their previous decisions along this line that one man cannot unlawfully break any contract at his pleasure without the consent of the others."

In marked contrast to the great number of patent medicines, cure-alls and secret preparations is Walther's Peptonized Port.

This preparation claims no magic virtues, has no mysterious composition and does not presume upon the intelligence of the people by pretending to be a sovereign cure for all the ills to which the flesh is heir.

Walther's Peptonized Port comes as a common sense tonic, composed of two well known remedies—port wine and pepton about the efficacy of which there is no question. F. D. Hall sells Walther's Peptonized Port.

## FRAZEYSBURG

FIGHT BETWEEN TOWN AND PANHANDLE ROAD STILL ON.

People are Getting Tired of It—A Serious Four Handed Fight—Mrs. Cox is Dead.

Frazeysburg, O., Nov. 18.—The fight between the village of Frazeysburg and the Pennsylvania railroad company is still on. The visible results thus far, are the removal of Garrett's crew of twenty men, known as the "floating gang," also the electric lights from the depot and platforms and the filing of 76 suits in the courts against the company. At an adjourned meeting of the council held November 12 rules were suspended and an ordinance was passed asking for lights at each crossing through the corporation limits. A stormy session was held and Clerk R. F. Hamilton resigned. The citizens of the town are getting tired of the unnecessary trouble between the village and the railroad company, and a petition signed by over one hundred people has been presented asking for a compromise and an amicable adjustment of the difficulties. Both town and company are being badly worsted by the unpleasant affair.

Mrs. Samuel Cox died last Friday morning at the family residence on Basin street.

Jay Woolford and Mansfield Ashcraft, Wendle Ashcraft and Robert Ashcraft became tangled up in a free-for-all fight last Thursday, and Woolford is thought to be in a critical condition. It is said that the trouble grew out of Woolford hunting on the lands belonging to the Ashcraft people. Report has it that it took the combined force of the Ashcrafts to handle Woolford, that road shovels, clubs and stones were freely used, also that some one in the crowd flourished a gun. Woolford had all three of the boys arrested, who had their preliminary hearing before Esquire Spencer, and were bound over to await the action of the grand jury.

## TWO DEPOSITIONS

Edward W. Crayton and Jas. K. Hamill Testify as to the Operations of Cashier Harry J. Hoover-- Witnesses In Case are Subpoenaed.

The taking of depositions in the case of the Licking County Bank vs. the Peoples National Bank was resumed Tuesday, in the law offices of Flory & Flory, James K. Hamill, a director of the Licking County Bank, who was active in discovering the shortages of Harry J. Hoover, when he was cashier of that bank, and acting cashier E. W. Crayton being the witnesses examined. The depositions of these men are quite lengthy and go minutely into details of Hoover's operations. There are several features of the case, as developed in the testimony of Messrs. Hamill and Crayton, which have not yet been made public.

According to their sworn statements the total amount taken from the Licking County Bank was over \$41,000, or about \$5,000 more than it is alleged that Hoover paid into the Peoples National. They also detailed the manner in which Hoover made false entries in the bank's books, raising figures of amounts paid out and other additions and irregularities discovered since the books were carefully examined.

For instance if \$100 were paid out Hoover would put before the \$100 an additional "1", which would then make it appear \$1100. This is not given as a concrete instance, but merely illustrative of the method as explained to Crayton and Hamill's depositions. It will be remembered that Hoover stated that the money he took from the Licking was used to pay back the shortage at the Peoples, but according to figures given in Tuesday's testimony he took \$5000 more from the Licking than was needed to make good the shortage at the Peoples, which is admitted by all to be about \$36,000. What was done with this by the accused cashier, neither witness attempts to explain. Besides this sum there have been other shortages discovered in the past few weeks, aggregating several hundred dollars.

In addition to this amount which is alleged Hoover took from the Licking, he overdraw his account at the bank to the amount of \$9800, which is now secured by the Hoover-Hall business.

ness, now in the bank's control, and operated under the direction of E. T. Rugg, a director of the bank. It is known that this company does a good business, so the \$5,800 will not be lost to the bank.

It should be remembered that the Licking County Bank not only has Hoover's property, including a \$20,000 building, but also his \$22,000 in life insurance, besides the \$36,000 in certificates which the bank is trying to collect by a law suit. The directors have personally paid \$24,000 more to make the bank solid. On the other hand the Peoples bank is amply able out of its surplus to pay, if necessary, three times the amount involved.

Those Newark witnesses who are to appear at Columbus to give testimony to the Federal grand jury which will investigate the charges against Harry J. Hoover, have received subpoenas to appear to give evidence on Tuesday, December 1st.

Harry P. Scott who has been in New York several days, returned home on Wednesday. Mr. Scott will be a witness in the case.

## PATENT IS ALLOWED

Newark Men Invent New Apparatus for Signalling Telegraph Offices--The Improvement is Said to be Very Important One.

The Barborton, O. Tribune contains the following regarding the awarding of a patent to A. V. Siler of Newark, and J. H. Riley of Barborton, on a district messenger box, which is found to revolutionize the service:

"J. H. Riley, acting ticket agent of the B. & O. and C. A. & C. of this place, and A. V. Siler of Newark, have just been awarded a patent on a district messenger box which, it is said, will be a vast improvement on the messenger boxes now in use by the Postal and Western Union Telegraph companies. The box now in use has no answer back with which the box is not answered back with the answer back is an automatic arrangement. The arrangement is particularly satisfactory as the subscriber can tell immediately whether the call has been received or not, for if the wire is open, no answer is given. Messrs. Riley & Siler hope to sell their patent to some box making concern or to the telegraph companies direct and hold their right at \$50,000."

Mr. J. H. Riley was formerly manager of the Postal Telegraph company's office in this city, and Mr. Siler was formerly fireman for the same

company, being an old and well known Newark boy. The patent was secured by Charles H. Follett, patent attorney of this city.

Mr. Follett, in conversation with an Advocate reporter today said that he considers the patent a very important one, and that it was one of the hardest fought cases he ever had to contend with in the patent office, having been pending in the office for over eighteen months. Mr. Follett further said that the messenger boxes now in use by the companies above named do not give entire satisfaction to the subscribers for the reason that they are not automatic in answering calls when needed, which this improved box of Siler & Riley does by ringing an alarm bell on the sender's box, informing him that his message has been received at the main office and recorded whether the operator is present or not. It also informs the sender whether the line is clear between the sender and the main office by ringing the bell. This improvement is very important to telegraph and messenger companies for the reason that the boxes can be adjusted to the instrument at a small cost.

## JOLLY ELKS

ENJOYED A SOCIAL SESSION ON TUESDAY NIGHT

Large Attendance of Members--Initiation Followed by a Banquet at Club Rooms.

Tuesday night was a red letter occasion with Newark Lodge, No. 391, E. P. O. E., of this city. The occasion was the initiation of a candidate into all the mysteries and privileges of Elksdom, followed by a social session, with toasts and a banquet.

The candidate was Mr. C. F. Dean, (one of Newark's well known young business men, and the work was conducted by Exalted Ruler Phil E. Smythe and the other officers of the lodge, including Esquire Stanley Miller and a special team.

The attendance of the members was the largest that the lodge has had for a long time, and the meeting was thoroughly enjoyable throughout, the work being done in a most satisfactory manner, especially to the candidate. There was a large number of visiting members as follows: John F. Cherry, 570, Lancaster, O.; A. Looklin Norton, 107, Gallipolis, O.; Edw. M. Hall, 509 New Lexington, O.; E. T. Tuttle, Columbus, Ind.; J. W. Barker, Sioux City, Iowa; Julius Levy, 105, Cincinnati; Edward J. Morath, 560, Boulder, Colorado.

A delightful social session followed the work of initiation, at which the spread was first class, and Exalted Ruler Phil E. Smythe presided most gracefully.

At the conclusion of the feast Judge E. M. K. Bister responded to "The Eleven O'clock Toast" in a most appropriate manner.

Candidate C. F. Dean was called upon to give his "First Impressions of Elksdom."

Brother E. F. Tuttle, the new landlord of the Hotel Warden, responded to the toast, "When, Where and How to Eat."

All the visiting members were called on in turn and responded very gracefully.

Mr. Thomas S. Keen responded to the toast, "What I Know About Mail Routes."

George L. Warner and James E. Keen told some stories in their usual entertaining manner.

Brothers Frank P. Bolton, W. H. Anderson, Dr. G. H. Woods and "Brownie" made appropriate remarks, and by unanimous request "Brownie" took leave to print.

It was at a late hour when the merry party departed, all having enjoyed a most delightful evening.

## ARRESTS

ARE MADE IN THE LIQUOR CASES AT MT. VERNON.

Four of Sub Rosa Indictments Made Public But There are About 15 More Warrants Out.

Mt. Vernon, O., Nov. 18--Four of the sub rosa indictments returned by the grand jury were made public last evening when Charles Copper, George Smithisler, M. J. Davis and James Stoyler were arrested by Sheriff Shepley.

Copper was indicted on two counts, one for selling liquor in violation of the Beal law and one for keeping a gaming place. The others were indicted for selling liquor.

Smithisler is a wholesale dealer and well known over the state. It is said that three local men are indicted for "bootlegging" in the alleys, carrying their pockets full of half pint bottles and selling them.

Each of the men arrested gave bond of \$200.

The sheriff has at least fifteen more warrants to serve in liquor cases.

**COME WITH ME TO CHINA**  
DICK WOOD

(Special Advocate Correspondence by Dick Wood, who is studying home life in China for the Newspaper Enterprise Association.)  
San Francisco to Honolulu, Aboard S. S. Coptic.

If Davy Jones (he of Locker fame) ever had a wife, and that wife ever had a washtub, and the bluing was ever spilled in that tub, the tub must have comprised the six days' patch of Pacific ocean between San Francisco and Honolulu. But there is a plenty of white suds and lather, too, as well as traditional flying fish. (The books

WHAT WITH CROWDED STEERAGE BUNKS AND THE HOT NIGHTS MANY OF THOSE BELOW HAVE SOUGHT A SLEEPING PLACE ON THE HATCHES. HERE THEY HAVE BROUGHT THEIR TEAPOTS, BLANKETS, GIN AND JABBER

say they can't fly. But whatever it is they do, it looks mighty like living. However, the books are right on the gull question. Gulls can fly.)  
It's too bad I can't say this is a quiet, peaceful Sunday on the sea. The weather is fair, the sky is blue, dotted only here and there by the poet's fleecy-like clouds, and "that." The day is quiet and peaceful—an ideal Sunday.  
The Chinese, spread all over the steerage deck of our ship, the Coptic, are peaceful enough, but they are not quiet. They are playing domi- noes. Chinese are never quiet when playing dominoes.  
Almost everybody on the ship, seems, at least, contented.  
"Almost cannot avail;  
Hark, hark, that bitter wall!"  
Hark, 'tis the Missionary!  
The only two lonesome souls on the ship seem to be the Missionary and "Old Ko-ri."  
"Ko-ri" is a Korean seller of gin- seng. Today I asked him if he re- membered me from the Quong On Loung store in St. Louis. Ko-ri re- membered and recognized the name of Quong On Loung, but that is about as far as his limited understanding of the English tongue will allow him to tote his linguistic accomplishments. A smile or a sob is all the same to Ko-ri—something to be acted.  
With the Missionary it is something

**CHINAMEN PLAYING DOMINOES ABOARD**  
different. A smile or a sob with him is something to be felt. He has been sobbing. Or has it only been the south of the sea I have heard at right? The Missionary is in the next stateroom. He got a half rate ticket, because he could establish the fact to the steamship company that he was actively engaged in "the work."  
I had to pay full fare. And so did the fellow who is with me, in our binnacle, barnacle, bunk-arch-ae-ae, pinnacle, forecastle, fire-drill, steer- age steward, purser, boatswain. No. 1 china box, ship's surgeon, chief en- gineer, oilers, winchman and store- keeper—here, hold on! What's all this kind of talk about? Oh, nothing. Merely nautical terms we have ab- sorbed, but know not the meaning of. Anyway, there's a number 4 over our door, and there are two bunks in the room, and two round windows, and—best of all—a door, and the only door in the ship, which opens onto the sea.  
We had to walk all the way from Kim Chin's place in Washington street in San Francisco to the dock where our steamer was loading. It was the day of the G. A. R. parade, and on account of the route of the

**Had Rheumatism**  
Thirty Years. Cured by "Blood Wine" After a Life of Misery. A Wonderful Tribute to This Great Medicine.

This is Mrs. G. W. Pierce of 1822 Wayne St., Toledo, O., who suffered untold agonies for thirty long years with rheumatism. This brave woman—for anyone is brave who endures in silence the pangs of rheumatism for such a period—needs not read the tales of "Aladdin's Lamp" to learn of miracles; she has experienced one her- self, and nothing could be half so forceful to her as her own experience. Because she today lives in happiness, a well woman free from the rheumatic pains that haunted her for the best part of her life. She is today well after doctoring almost since girlhood without relief and her cure was caused by "Blood Wine." After dozens of medi- cines, dozens of doctors, had all tested their wits, Mrs. Pierce took "Blood Wine" and was quickly cured.  
Was she not justified in saying:  
"Dear Sir,—For over thirty years I have suffered with the ravages of rheu- matism. I have tried doctors and patent medicine of every kind without result or benefit until I began to take 'Blood Wine.' The first bottle gave me such marked benefit that I have since taken five bottles, each adding additional results: so much so that I feel confident of a complete cure. I recommend 'Blood Wine' after it has done so much for me is a pleasure, after the many years I have suffered and sleepless nights, all of which have been swiftly relieved, I can truthfully say, and 'Blood Wine' has done the work."  
Couldn't Go to His Office for Weeks.  
Mr. A. J. Kelley, a prominent lawyer, of Terra Haute, Ind., had rheumatism so badly that he couldn't go to his office for weeks at a time. Nothing seemed to help him until he took "Blood Wine." These are his own words: "I have taken three bottles of 'Blood Wine' and must say that in my case its action has been marvellous. It has completely cured me of rheuma- tism, a disease from which I have suf- fered for a long time. It is by far the best thing I ever saw."  
Mr. Chas. T. Johnson, of 19 Bently Street, Salem, Mass., says: "My wife has used 'Blood Wine' for rheumatism, and found relief when all other reme- dies failed, and I gladly recommend it to others."

THRONG OF BUYERS CONTINUE.

Special Half-Price Brings Many Patrons to Hall's Drug Store.

The people of Newark and vicinity appreciate the great advantage Mr. Hall obtained for them in getting the Dr. Howard Co. to allow the regular 50 cent size of Dr. Howard's specific, for the cure of constipation and dyspepsia, to be sold at half price, 25 cents, and have bought hundreds of bottles.

Many orders have come by mail at this popular price, for it is very unusual to be able to buy sixty doses of a standard medicine for half price.

Every bottle of the specific sold by Mr. Hall has had his personal guarantee to return the money if it was not satisfactory, but none has come back showing the wonderful curative power of this remedy.

It is only recently, on the persistent advice of Mr. Hall, that Dr. Howard's specific has been sold for less than 50 cents, but he urged that it would be better to secure a quick introduction in Newark in this way and the result has proven his good judgment.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents, be sure to call at Hall's Drug Store today, for he has only a small amount of the specific on hand.

## STARVATION CANNOT CURE DYSPEPSIA

Miss Clark Tells How She Was Restored To Health After Years of Suffering.

If you cut off every article of food that disagrees with you, it will not be long until you have nothing left.

You cannot cure stomach troubles by starving yourself.

The sensible, logical course is to get your stomach into such shape that you can eat anything and digest it.

Science has at last discovered a pleasant, reliable specific for the treatment of dyspepsia.

Reall Dyspepsia Tablets cure stomach troubles by supplying the one element, the absence of which in the gastric juices, causes indigestion and dyspepsia. They enable the stomach to digest all kinds of food and to quickly convert it into rich red blood.

READ WHAT MISS CLARK SAYS: "I was in a very critical condition, very pale, could not eat anything. The thought of food was distasteful to me. I tried Reall Dyspepsia Tablets and immediately commenced to gain. I was hungry for my meals and relished my food. The color came back to my face, and I commenced to think I had something to live for. I can cheerfully recommend Reall Dyspepsia Tablets.—Lettie Clark, 508 East Washington St., Syracuse, N. Y."

We guarantee Reall Dyspepsia Tablets, Price 25c. Sold only at our store or by mail.

### BAPTIST MINISTER

Who Doesn't Believe in the Rockefeller Game.

New Castle, Pa., Nov. 18—Rev. John Snape, pastor of the First Baptist

church of this city, who, before the Baptist congress at Philadelphia, stated that it ought to be a capital crime for a man to have \$1,000,000, is one of the most widely known ministers of the Baptist denomination. He was formerly pastor of a leading Baptist church at Wilmington, Del., before he, last spring, accepted a unanimous call to his present charge. Rev. Snape is a man of progressive ideas and is a firm believer in the efficiency of newspaper advertising in religious matters. Recently he inaugurated an innovation here by making a yearly contract with a local newspaper for a column of space every Saturday in which to advertise the affairs of his congregation. The results have been pleasing to both minister and congregation, and the advertisement of the church services brings out larger audiences than ever before attended.

### ST. LOUIS HOTEL RATES.

World's Fair Visitors are Assured Reasonable Living Expenses.

The management of the St. Louis World's Fair has compiled a very interesting publication regarding accommodations for visitors to St. Louis during the Exposition next year. It is shown that the established hotels of the city number over 100 and have a capacity exceeding 21,000 guests. Proprietors and managers of most of the hotels have voluntarily signed a guarantee that the rates prevailing a year before the Fair will not be increased during the Exposition.

The established hotels have been supplemented during 1903 by new ones with capacity for nearly 50,000 guests. Additional hotels under construction will accommodate 20,000 more persons. A canvass of the central districts of St. Louis along lines of street cars leading to the World's Fair entrances has given a registration of boarding and rooming houses, respectable in character, with capacity for over 15,000 guests. Another registration has been made of private houses in which visitors will be lodged during the World's Fair, showing rooms for nearly 13,000 persons. There are nearly 500 restaurants in St. Louis, and 20 of them can alone take care of 23,000 patrons.

The Exposition management holds the signed agreements of the managers of a number of places of entertainment that their rates will not be increased during the World's Fair period from April 30th to December 1st, 1904. The official announcement in book form, containing very interesting information for persons who contemplate visiting the World's Fair, is now being distributed by the Pennsylvania lines. Persons interested can secure a copy by addressing General Passenger Agent E. A. Ford, Pittsburg.

## RHEUMATISM

NOT A SKIN DISEASE.

It is natural to rub the spot that hurts, and when rheumatic pains are shooting through the joints and muscles and they are inflamed and sore, the sufferer is apt to turn to liniments and plasters for relief; and while such treatment may quiet the pain temporarily, no amount of rubbing or blistering can cure Rheumatism, because it is not a skin disease, but is in the blood and all through the system, and every time you are exposed to the same conditions that caused the first attack, you are going to have another, and Rheumatism will last just as long as the poison is in the blood, no matter what you apply externally. Too much acid in the blood is one cause of Rheumatism; stomach troubles, bad digestion, weak kidneys and torpid liver are other causes which bring on this painful disease, because the blood becomes tainted with the poisonous matter which these organs fail to carry out of the system. Certain secret diseases will produce Rheumatism, and of all forms this is the most stubborn and severe, for it seems to affect every bone and muscle in the body. The blood is the medium by which the poisons and acids are carried through the system, and it doesn't matter what kind of Rheumatism you have, it must be treated through the blood, or you can never get permanently rid of it. As a cure for rheumatic troubles S. S. S. has never been equalled. It doesn't inflame the stomach and ruin the digestion like Potash, Alkalies and other strong drugs, but tones up the general health, gently stimulates the sluggish organs, and at the same time antitoxins and filters out of the blood all poisonous acids and effete matter of every kind; and when S. S. S. has restored the blood to its natural condition, the painful, feverish joints and the sore and tender muscles are immediately relieved.

Our special book on Rheumatism will be mailed free to those desiring it. Our physicians will cheerfully answer all letters asking for special information or advice, for which no charge is made.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

UNABLE TO SLEEP AT NIGHT. Sidney, Ohio, August 26, 1903.

A few months ago I was feeling well and ran down and unable to get sleep at night. I felt extremely bad, and also had rheumatic pains in my joints and muscles. The medicine I used gave me only temporary relief at best, so seeing S. S. S. highly recommended for such troubles, I began its use, and after taking it for some time was well pleased with the result. It did away with the rheumatic pains, gave me refreshing sleep and built up my general system, giving me strength and energy. It is a good medicine, without a doubt, and I take pleasure in endorsing it.

**COME WITH ME TO CHINA**  
DICK WOOD  
(Special Advocate Correspondence by Dick Wood, who is studying home life in China for the Newspaper Enterprise Association.)  
San Francisco to Honolulu, Aboard S. S. Coptic.  
If Davy Jones (he of Locker fame) ever had a wife, and that wife ever had a washtub, and the tub must have comprised the six days' patch of Pacific ocean between San Francisco and Honolulu. But there is a plenty of white suds and lather, too, as well as traditional flying fish. (The books parade being roped off there were no cars to be had. And no carriages. So we walked. Kim Chin led the way. "Old Man" trailed.  
Kim Chin, gold and silversmith, you will recollect, was our San Francisco host. And as long as I live I will never forget the cordial hospitality of Kim Chin, nor his kindly beaming countenance as he threw three fingers into the air in farewell salute as our ship cleared.  
When the Missionary came aboard a considerable band came with him. They sang and prayed. The Missionary is going to Manila. As I said, he

say they can't fly. But whatever it is they do, it looks mightily like flying. However, the books are right on the gull question. Gulls can fly.)

It's too bad I can't say this is a quiet, peaceful Sunday on the sea. The weather is fair, the sky is blue, dotted only here and there by the poet's feeble clouds, and "that." The day is quiet and peaceful—an ideal Sunday.  
The Chinese, spread all over the steerage deck of our ship, the Coptic, are peaceful enough, but they are not quiet. They are playing dominoes. Chinese are never quiet when playing dominoes.

Almost everybody on the ship, seems, at least, contented.  
"Almost cannot avail;  
Hark, hark, that bitter wall!"  
Hark, 'tis the Missionary.  
The only two lonesome souls on the ship seem to be the Missionary and "Old Ko-ri."  
"Ko-ri" is a Korean seller of ginseng. Today I asked him if he remembered me from the Quong Loong store in St. Louis. Ko-ri remembered and recognized the name of Quong Loong, but that is about as far as his limited understanding of the English tongue will allow him to tote his linguistic accomplishments. A smile or a sob is all the same to Ko-ri—something to be acted.

With the Missionary it is something and old "Ko-ri" are the two lonesome passengers. "Ko-ri," because he can talk to no one; and the Missionary, because it seems, no one will talk to him. So the Missionary stays alone.  
When Mrs. San Gam Wah, the third wife of a rich San Francisco Chinese merchant, came down to the "block" with her five-year-old son, Ah Hoong, and her widowed friend, Mrs. Jau Ow, to take passage for Hongkong, the wealth of Chinatown accompanied them. Twelve carriage loads of dowagers, matrons and debutantes were there. Add talking about "creations" and "dreams of gowns," the silks and brocades of those ladies' coats and trousers—yes, they wear trousers—would lay anything but a "Worth" in the shade.  
Each night, as dusk steals on, the two Chinese ladies with little Ah Hoong between them, promenade the deck. Last evening they stopped before my door. Little Ah Hoong came in and sat down. I handed the ladies camp stools on the outside. Mrs. San Gam Wah is a native of San Francisco, speaks our language, not, flatteringly, perhaps, but always musically, and she told me she and her son are to spend a year in China. Little Ah Hoong has not yet entered the kindergarten—his mamma thinks he is too young—but will be sent to school upon his return to the United States. Mrs. Jau Ow speaks no English, and will remain in China, where she has

different. A smile or a sob with him is something to be felt. He has been sobbing. Or has it only been the south of the sea I have heard at night? The Missionary is in the next stateroom. He got a half rate ticket, because he could establish the fact to the steamship company that he was actively engaged in "the work."

I had to pay full fare. And so did the fellow who is with me, in my binnacle, barnacle, bunk-a-chee, pinnacle, forecastle, fir-drill, steerage steward, purser, boatswain. No. 1 china boy, ship's surgeon, chief engineer, oilers, winchman and store-keeper—here, hold on! What's all this kind of talk about? Oh, nothing. Merely nautical terms we have absorbed, but know not the meaning of. Anyway, there's a number 4 over our door, and there are two bunks in the room, and two round windows, and—best of all—a door, and the only door in the ship, which opens onto the sea.

We had to walk all the way from Kim Chin's place in Washington street in San Francisco to the dock where our steamer was loading. It was the day of the G. A. R. parade, and on account of the route of the

**Had Rheumatism**  
Thirty Years. Cured by "Blood Wine" After a Life of Misery. A Wonderful Tribute to This Great Medicine.  
  
This is Mrs. G. W. Pierce of 1822 Wayne St., Toledo, O., who suffered untold agonies for thirty long years with rheumatism. This brave woman—for anyone is brave who endures in silence the pangs of rheumatism for such a period—needs not read the tales of "Aladdin's Lamp" to learn of miracles; she has experienced one herself, and nothing could be half so forceful to her as her own experience because she today lives in happiness, a well woman free from the rheumatic pains that haunted her for the best part of her life. She is today well after doctoring almost since girlhood without relief and her cure was caused by "Blood Wine." After dozens of medicines, dozens of doctors, had all tested their wits, Mrs. Pierce took "Blood Wine" and was quickly cured.  
Was she not justified in saying:  
"For over thirty years I have suffered with the ravages of rheumatism. I have tried doctors and patent medicine of every kind without result or benefit until I began to take 'Blood Wine.' The first bottle gave me such marked benefit that I have since taken five bottles, each adding additional results: so much so that I feel confident of a complete cure. To recommend 'Blood Wine' after it has done so much for me is a pleasure, after the many years I have suffered and sleepless nights, all of which have been swiftly relieved, I can truthfully say, and 'Blood Wine' has done the work."  
**Couldn't Go to His Office for Weeks.**  
Mr. A. J. Kelley, a prominent lawyer, of Terra Haute, Ind., had rheumatism so badly that he couldn't go to his office for weeks at a time. Nothing seemed to help him until he took "Blood Wine." These are his own words: "I have taken three bottles of 'Blood Wine' and must say that in my case its action has been marvellous. It has completely cured me of rheumatism, a disease from which I have suffered for a long time. It is by far the best thing I ever saw."  
Mr. Chas. T. Johnson, of 19 Bently Street, Salem, Mass., says: "My wife has used 'Blood Wine' for rheumatism, and found relief when all other remedies failed, and I gladly recommend it to others."  
**FREE!** Send your name to the LOUIS DAUDELIN CO., Makers, Worcester, Mass., and get a free trial bottle of "Blood Wine."

church of this city, who, before the Baptist congress at Philadelphia, stated that it ought to be a capital crime for a man to have \$1,000,000, is one of the most widely known ministers of the Baptist denomination. He was formerly pastor of a leading Baptist church at Wilmington, Del. before he, last spring, accepted a unanimous call to his present charge. Rev. Snape is a man of progressive ideas and is a firm believer in the efficiency of newspaper advertising in religious matters. Recently he inaugurated an innovation here by making a yearly contract with a local newspaper for a column of space every Saturday in which to advertise the affairs of his congregation. The results have been pleasing to both minister and congregation, and the advertisement of the church services brings out larger audiences than ever before attended.

## ST. LOUIS HOTEL RATES.

World's Fair Visitors are Assured Reasonable Living Expenses.

The management of the St. Louis World's Fair has compiled a very interesting publication regarding accommodations for visitors to St. Louis during the Exposition next year. It is shown that the established hotels of the city number over 100 and have a capacity exceeding 21,000 guests. Proprietors and managers of most of the hotels have voluntarily signed a guarantee that the rates prevailing a year before the Fair will not be increased during the Exposition.

The established hotels have been supplemented during 1903 by new ones with capacity for nearly 50,000 guests. Additional hotels under construction will accommodate 30,000 more persons. A canvass of the central districts of St. Louis along lines of street cars leading to the World's Fair entrances has given a registration of boarding and rooming houses, respectable in character, with capacity for over 13,000 guests. Another registration has been made of private houses in which visitors will be lodged during the World's Fair, showing rooms for nearly 18,000 persons. There are nearly 500 restaurants in St. Louis, and 20 of them can alone take care of 23,000 patrons.

The Exposition management holds the signed agreements of the managers of a number of places of entertainment that their rates will not be increased during the World's Fair period from April 30th to December 1st, 1904. The official announcement in book form, containing very interesting information for persons who contemplate visiting the World's Fair, is now being distributed by the Pennsylvania lines. Persons interested can secure a copy by addressing General Passenger Agent E. A. Ford, Pittsburgh.

## THRONG OF BUYERS CONTINUE.

Special Half-Price Brings Many Patrons to Hall's Drug Store.

The people of Newark and vicinity appreciate the great advantage Mr. Hall obtained for them in getting the Dr. Howard Co. to allow the regular 50 cent size of Dr. Howard's specific, for the cure of constipation and dyspepsia, to be sold at half price, 25 cents, and have bought hundreds of bottles. Many orders have come by mail at this popular price, for it is very unusual to be able to buy sixty doses of a standard medicine for half price.

Every bottle of the specific sold by Mr. Hall has had his personal guarantee to return the money if it was not satisfactory, but none has come back showing the wonderful curative power of this remedy.

It is only recently, on the persistent advice of Mr. Hall, that Dr. Howard's specific has been sold for less than 50 cents, but he urged that it would be better to secure a quick introduction in Newark in this way and the result has proven his good judgment.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents, be sure to call at Hall's Drug Store today, for he has only a small amount of the specific on hand. 14-18-24

## STARVATION CANNOT CURE DYSPEPSIA

Miss Clark Tells How She Was Restored To Health After Years of Suffering.

If you cut off every article of food that disagrees with you, it will not be long until you have nothing left. You cannot cure stomach troubles by starving yourself. The sensible, logical course is to get your stomach into such shape that you can eat anything and digest it. Science has at last discovered a pleasant, reliable specific for the treatment of dyspepsia. Rexall Dyspepsia Tablets cure stomach troubles by supplying the one element, the absence of which in the gastric juices, causes indigestion and dyspepsia. They enable the stomach to digest all kinds of food and to quickly convert it into rich red blood.

READ WHAT MISS CLARK SAYS: "I was in a very critical condition, very pale, could not eat anything. The thought of food was distasteful to me. I tried Rexall Dyspepsia Tablets and immediately commenced to gain. I was hungry for my meals and relished my food. The color came back to my face, and I commenced to think I had something to live for. I am cheerfully recommending Rexall Dyspepsia Tablets—Lettie Clark, 508 East Washington St., Syracuse, N. Y."

We guarantee Rexall Dyspepsia Tablets. Price 25c. Sold only at our store or by mail.

## RHEUMATISM

NOT A SKIN DISEASE.

It is natural to rub the spot that hurts, and when rheumatic pains are shooting through the joints and muscles and they are inflamed and sore, the sufferer is apt to turn to liniments and plasters for relief; and while such treatment may quiet the pain temporarily, no amount of rubbing or blistering can cure Rheumatism, because it is not a skin disease, but is in the blood and all through the system, and every time you are exposed to the same conditions that caused the first attack, you are going to have another, and Rheumatism will last just as long as the poison is in the blood, no matter what you apply externally. Too much acid in the blood is one cause of Rheumatism; stomach troubles, bad digestion, weak kidneys and torpid liver are other causes which bring on this painful disease, because the blood becomes tainted with the poisonous matter which these organs fail to carry out of the system. Certain secret diseases will produce Rheumatism, and of all forms this is the most stubborn and severe, for it seems to affect every bone and muscle in the body. The blood is the medium by which the poisons and acids are carried through the system, and it doesn't matter what kind of Rheumatism you have, it must be treated through the blood, or you can never get permanently rid of it. As a cure for rheumatic troubles S. S. S. has never been equalled. It doesn't inflame the stomach and ruin the digestion like Potash, Alkalies and other strong drugs, but tones up the general health, gently stimulates the sluggish organs, and at the same time antidotes and filters out of the blood all poisonous acids and effete matter of every kind; and when S. S. S. has restored the blood to its natural condition, the painful, feverish joints and the sore and tender muscles are immediately relieved.

Our special book on Rheumatism will be mailed free to those desiring it. Our physicians will cheerfully answer all letters asking for special information or advice, for which no charge is made.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

UNABLE TO SLEEP AT NIGHT. Sidney, Ohio, August 26, 1903. A few months ago I was feeling weak and run down and unable to get sleep at night. I felt extremely bad, and also had rheumatic pains in my joints and muscles. The medicine I used gave me the only temporary relief at best; so seeing S. S. S. highly recommended for such troubles, I began its use, and after taking it for some time was well pleased with the result. It did away with the rheumatic pains, gave me refreshing sleep and built up my general system, giving me strength and energy. It is a good medicine, without a doubt, and I take pleasure in endorsing it. S. S. BOUGHTON. R. F. D. No. 1.

Hastily swallowed meals are probably the greatest cause of indigestion.

The stomach is given more than its share of work and is weakened. The first thing to do in correcting the trouble is to stop fast eating. The next thing is to take a good digestive tonic to strengthen the digestion and enrich the impoverished blood.
